

SEALINE FORWARDERS
CARGO ACROSS FRONTIERS

CARGO ACROSS FRONTIERS

COMPANY PROFILE

WHO WE ARE

Sealine Forwarders founded in 2008, is a seasoned, established supply chain company. The company's 3 distinct divisions focus on clearing and forwarding, warehousing and transportation of cargo from various sites around the world. Currently operating from Mombasa town, the company owns a fleet of trucks and side loader trailers that are able to transport containers to various sites.

VISION

To be an outstanding logistics and supply chain services provider, with world class, technologically-advanced systems and to operate with speed and optimal efficiency in delivering a seamless supply chain flow.

MISSION

To provide unparalleled cargo transportation solutions including clearing and forwarding, warehousing and transportation of cargo from various sites around East Africa region.

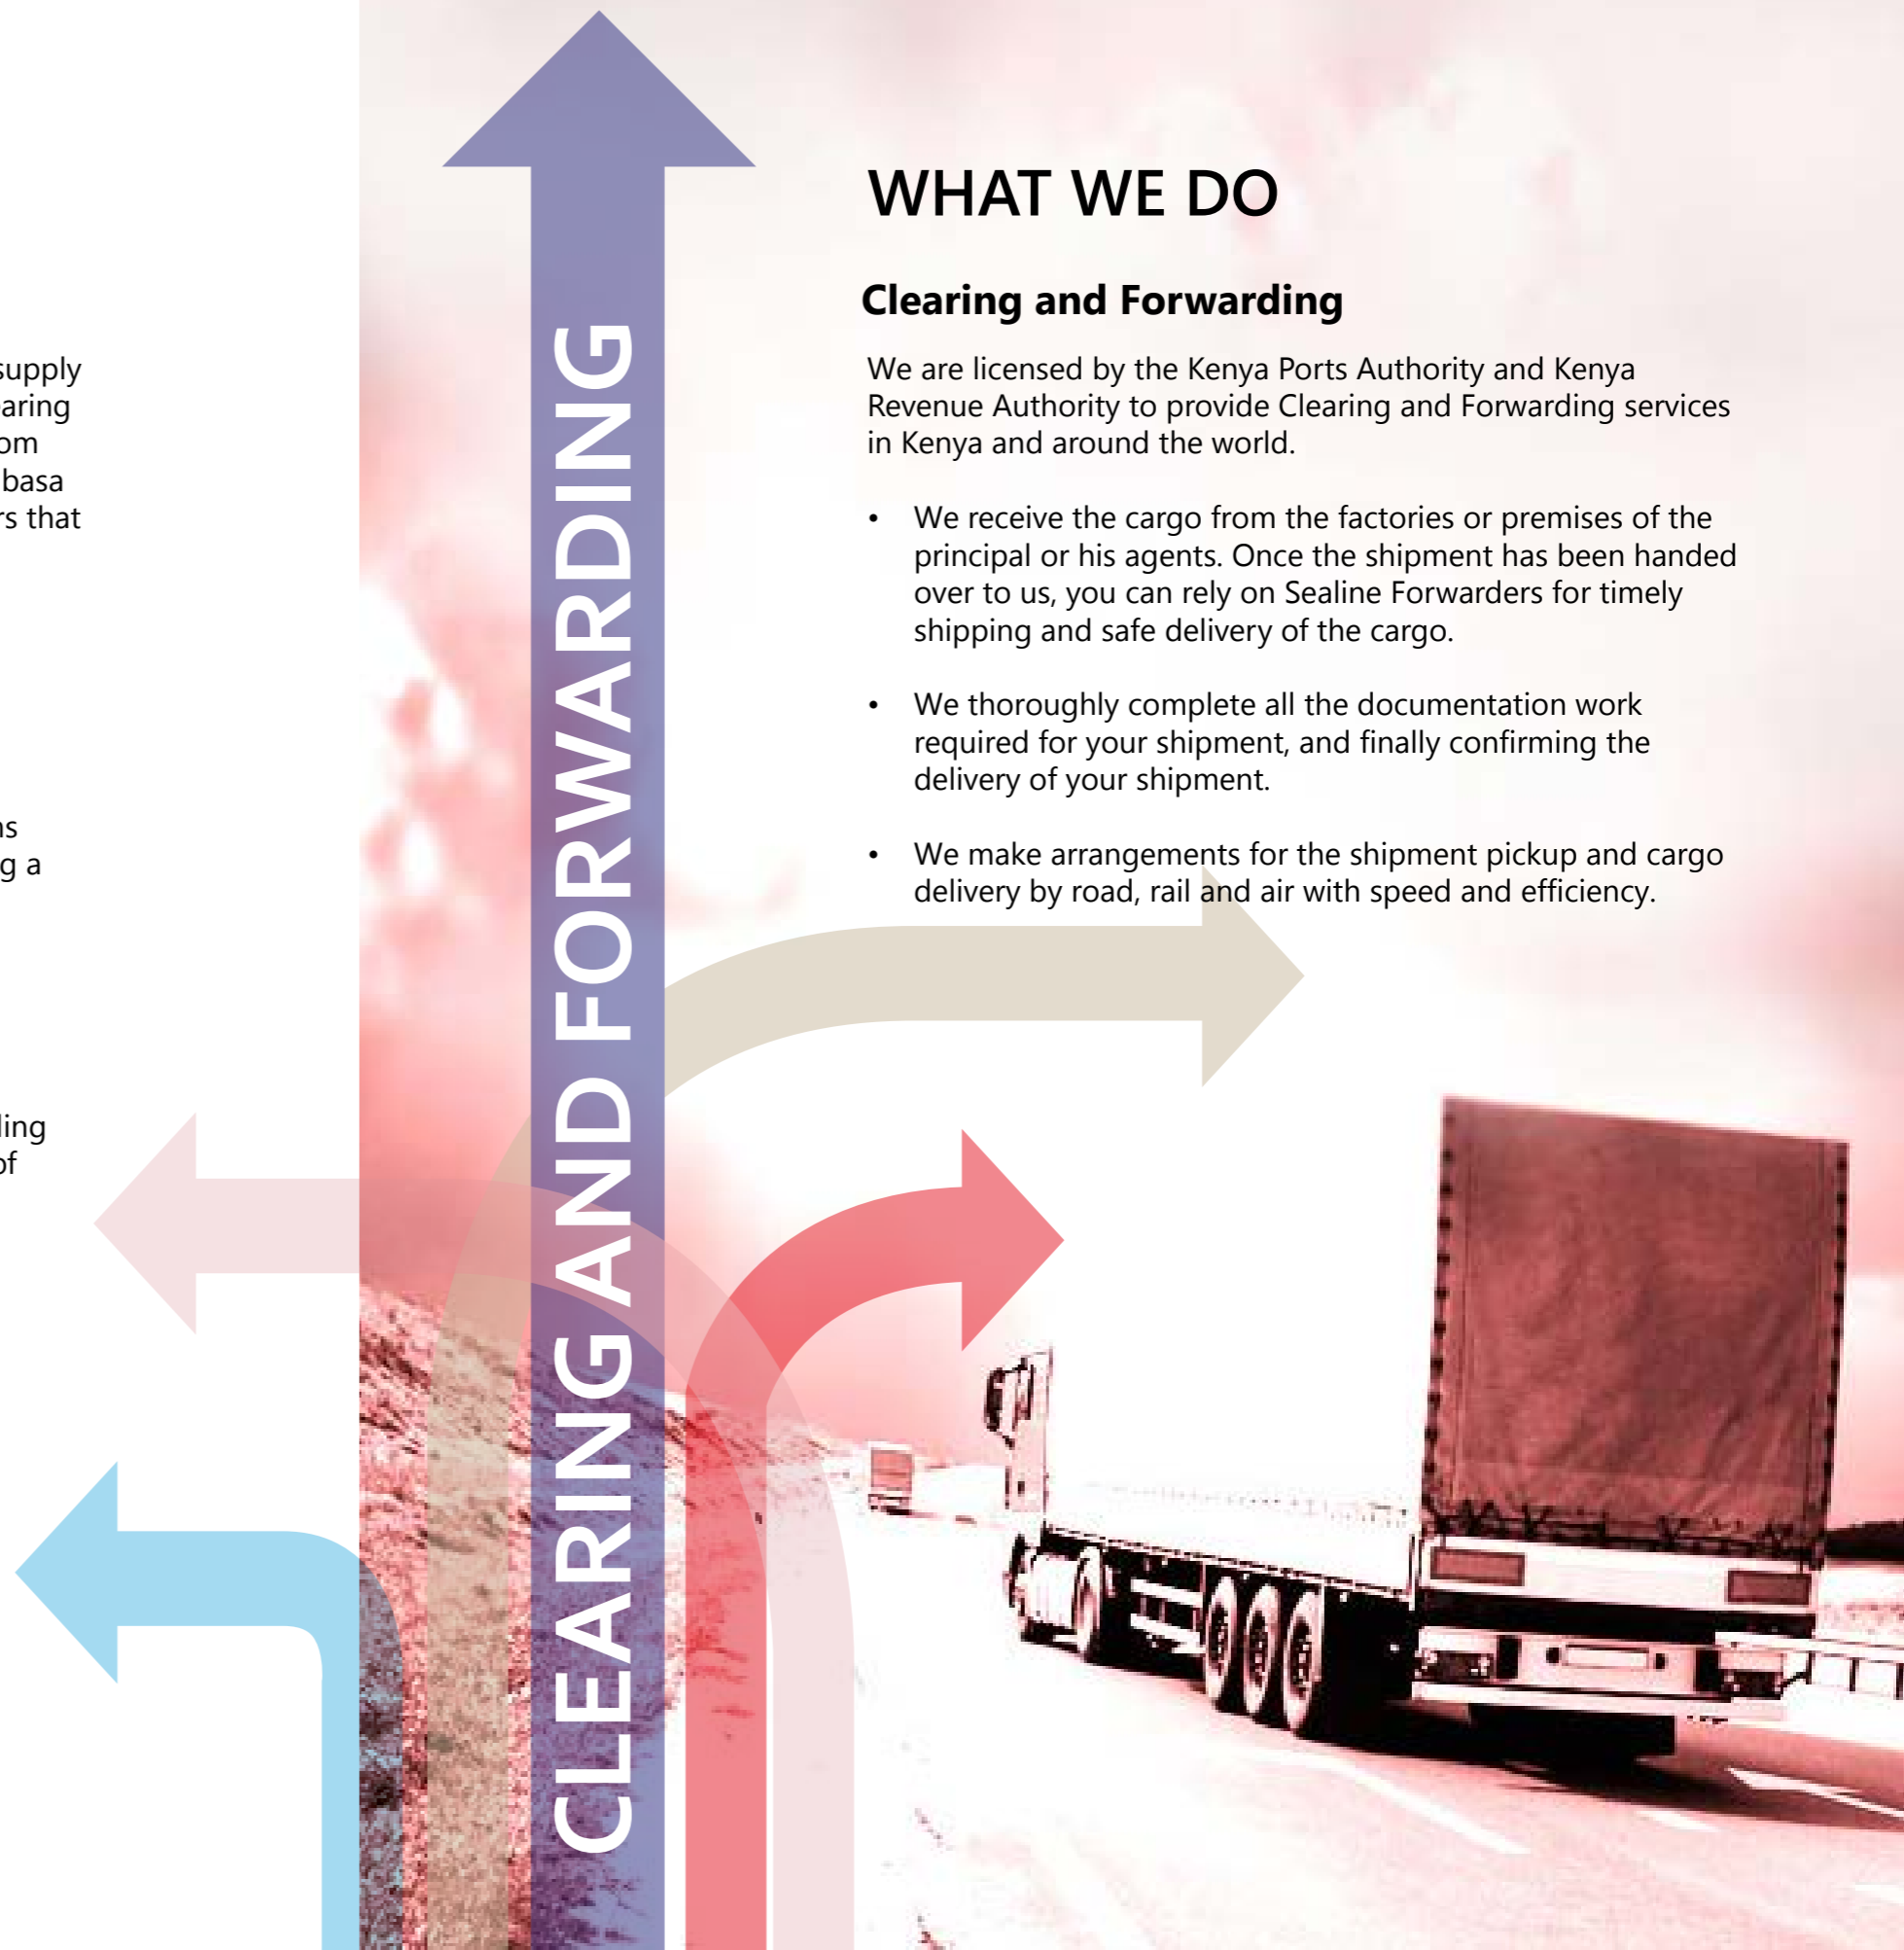

CLEARING AND FORWARDING

WHAT WE DO

Clearing and Forwarding

We are licensed by the Kenya Ports Authority and Kenya Revenue Authority to provide Clearing and Forwarding services in Kenya and around the world.

- We receive the cargo from the factories or premises of the principal or his agents. Once the shipment has been handed over to us, you can rely on Sealine Forwarders for timely shipping and safe delivery of the cargo.
- We thoroughly complete all the documentation work required for your shipment, and finally confirming the delivery of your shipment.
- We make arrangements for the shipment pickup and cargo delivery by road, rail and air with speed and efficiency.

WHAT WE DO

Storage and Warehousing

Sealine Forwarders offers secure storage and warehousing services for small consignments, containerized and un-containerized cargo.

Our warehousing terminals are located near Mombasa Port about 3kms from the Moi International Airport. This strategic location allows us to receive and dispatch export and import cargo to various destination directly to/from the Depot. Its closeness to the main Airport is an excellent choice for emergency relief cargo intended for airlifting.

Transportation

We are one of the most reliable freight forwarders in the region with very competitive prices. Our global networks that spans Kenya, East Africa, Africa and the world make freight movement a walk in the park for our dedicated team - Sea, rail, road, air; there is no mode of transport our experienced staff cannot handle.

Moving cargo across frontiers!

No matter where you are, our mission is to make business flow seamlessly from source to destination.

Meet our team

We have a team of well-trained, experienced and dedicated staff that are well versed in the Import/Exports, Warehousing and Logistics operations.
